Dear All,

Our sincere thanks for the effort and tireless work that you all do for our special people, but particularly for the Hamilton Island trip.

Annie had the best time and I enjoyed the break immensely. The same with camps, bowling, Club Slick, she always has a wonderful time, which is so special to her. Also the opportunity to see her friends is an occasion to look forward to.

You are all very special people and we thank you.

Warmest regards,

Liz and Terry Pilcher
